

# SHAKTI B.F.V. SPARES

- SHAKTI Butter Fly Valve spares are the best solution for protecting your valve from chemical & corrosion.
- With the help of rubber lined disk stems one can save accurate machining charges & Protection can be provided from corrosion with utilization of cheaper mild steel disk with SS rod welding.
- Hard-backed seat allows ease of installation, reliable operation, and is field-replaceable without special tools

Seat offers molded-in O-rings effecting a positive seal between the flange face and valve body, thus eliminating the need for gaskets. The resilient seat seals drop tight against the disc and isolates the valve body and stem from the line media. SHAKTI can give you facility to choose the elastomer for your use, mainly it is from EPDM & Nitrile. Compound used for these spares are such that provides you best abbrasion for better life of valve. SHAKTI can provide you Sleeves, Seat rings, Body seat Rings, Music note seals, Rubber lined Disk-Stems.

A proper supplier selection requires for the seats is the heart of the valve
